RCLRC Specialty, Obedience &
Rally Show #2
Champoeg State Park
St. Paul, OR

President's Message

This message will be brief as there was not much going on last month. June has come and gone and I think Summer is officially here with record temperatures in my area yesterday. I know we are all aware of what the heat can do to our furry kids but I just wanted to remind everyone again to watch them closely when the days are hot. Ok, off that soap box! The specialty is next week and we will be setting up on Wednesday July 9th at 3:00. Be there or be square. Seriously, this is a job that takes many hands so all of your assistance is appreciated. The after show on Saturday will once again be at the home of Greg and Susan Huntzinger. We can never thank them enough for opening their home to the masses. I am certain that Susan is also still accepting trophy donations so if you have not contacted her yet, please do so at susan@riverlanelabs.com.

The Hunt Test is this Saturday and Sunday. I want to thank all of those who answered our call to help and thank you Dave and Nikki Illias for once again taking on the job as the chair of this event. So, enough said for this month - see you at the HRT and the Specialty!

Your President, Cindy Freeman 🐾

BRAG

During the CKC show in Canby (our first trial!), my 11 month old pup Wyatt won both of his Beginner Novice Obedience classes and two legs toward his BN title with a 195.5 and 192, respectively. Oakley, my three year old black Lab, won both of his Rally Novice classes with scores in the high-90s both days and also earned two legs toward his RN.
